*Thank you for making the
University of Waterloo GNCTR
2007 team a success!*

Our Current Sponsors

WEEF stands for the Waterloo Engineering Endowment Foundation. The foundation was founded by two engineering student, Avi Belinsky and John Vellinga, in 1990. The goal of WEEF is to continuously improve the educational environment for undergraduate engineering students, and maintain our outstanding reputation.

Simpson Gumpertz & Heger Inc. (SGH) is an ENR 500 consulting engineering firm that applies advanced engineering to buildings, infrastructure, and special structures. Our practice encompasses the:

Design,
Investigation and Performance Evaluation, and
Repair and Rehabilitation of constructed works.

Since our founding in 1956, our clients have selected us for projects requiring innovation, sound application of engineering technology, and a commitment to get the job done right within the project's scheduling requirements.

University of Waterloo

The Great Northern Concrete Toboggan Race 2007

Sponsorship Brochure

The GNCTR

The Great Northern Concrete Toboggan Race (GNCTR) began in 1974, as a joint venture between the American Concrete Institution and the University of Alberta.

Since its inception, the GNCTR has challenged students to use creativity, skill, and innovation in the design and construction of a concrete toboggan.

In the first week of February 2007, the University of Waterloo will compete in the 33rd annual Great Northern Concrete Toboggan Race in Winnipeg, Manitoba.

Objective

The competition is evaluated on technical and non-technical aspects, including concrete mix, design, braking system design, technical exposure, and aesthetics. To win, the team must create a fast, innovative, and original design.

2006
University of Waterloo Concrete Toboggan Team
Water Luggers (3rd place)

The Team

The team is traditionally made up of civil engineering students. This year's team has a record number of more than 30 members. Our theme and team name is SLEDGO. It reflects construction, team work, and a strong foundation.

Sponsorship

Many individuals, businesses and organizations have enjoyed a long and mutually beneficial relationship with the University of Waterloo. Sponsoring the University of Waterloo GNCTR 2007 Team will give your company extensive visibility with the campus community. Our team is looking for support in any form; financial, material, or service related. Our current budget is \$40,000 to make the trip to the race possible.

Funds are required for:

- Material for testing
- creation of prototype
- final concrete toboggan
- promotional & display material
- competition entry fee
- transportation.

Monetary values will be assigned to all materials donated.

Sponsorship Levels

Platinum (\$2,000+)

All of the benefits of Gold, plus:

Company logo

- On our display in the Technical Exhibition
- On our contest uniform
- On our toboggan

Company pamphlets

- at our display in the Technical Exhibition

Gold (\$1,000+)

All of the benefits of Silver, plus:

Company profile

- on our UW GNCTR 2007 Website
- in our Sponsorship Pamphlet

Company name

- on our contest uniforms
- on our toboggan

Thank-you plaque

Silver (\$500+)

All of the benefits of Bronze, plus:

Company logo

- on our UW GNCTR 2007 Website
- in our Sponsorship Pamphlet

Company name

- on our team shirts

Bronze (\$100+)

Benefits:

Company name

- in our Sponsorship Pamphlet
- on our display in the Technical Exhibition
