- Online Resources >

White canes and guide dogs are two means by which visually impaired people navigate in the world around them. Soon, they may be able to use a special vibrating glove.

Ontario Today Here & Now Fresh Air Canada Now

The 'seeing eye glove' is the invention of John Zelek, a professor of engineering at the University of Guelph.

Dr. Zelek described his creation to Erika Ritter on Ontario Morning.

Ontario Morning is the wake-up show for listeners in Southern Ontario outside of Toronto, from Chatham in the west to Cornwall in the east, to Parry Sound in the north, and to parts of the Upper Ottawa Valley.

We tell you what's happening in your world - whether it's down the road or around the globe.

Get the latest national and international news on World Report and local newscasts on the half-hour from newsreader Marcel Vaillancourt.

London listeners receive a special newscast from reporters Gary Ennett and Kerry McKee.

And every day we have feature interviews with people who are making news, or who can help you make sense of the news.

Online Resources

A collection of resources on the World Wide Web that we think will be of interest to our listeners.

Batten's Video Picks

Jack Batten picks three videos each week with a discerning theme

Commentary

a vehicle for both the well-known and the unknown to express their opinions on the issues of the day.

Today In History

Veteran journalist Bob Johnstone's anecdotes about historic happenings from across the country and around the world.
